AzSEC 2023 Keynote Speaker:

Honorable Shalanda Baker

The Honorable Shalanda Baker is the Director of the Office of Economic Impact and Diversity and the Secretarial Advisor on Equity. Her keynote address is titled Energy Justice and Justice 40: Made for this Moment.

This year's theme will help our graduate students see their work in a broader context, and to begin understanding the challenges in areas of the U.S. where both conventional and renewable energy is abundant, but where access to energy and water is not uniform and where striking inequities to energy and water resources remain.
